HEADLINE: Monthly Fraud News Update Service for Insurers Announced by First Consulting

BODY: First Consulting & Administration, Inc. is committed to helping insurance companies stay on top of the latest news regarding insurance fraud in the marketplace. To meet this need, First Consulting is happy to announce that we are now offering a new free email "Fraud News Update" monthly to our clients and friends.

This monthly update will be devoted to the topic of Insurance Fraud News. We will send an email with three types of updates: 1) links to fraud schemes or arrests in the news, 2) new red flags in the news, and 3) new legislative trends on fraud laws and regulations in the news.

Francine Fetyko, President, says "At the request of companies for the latest information on insurance fraud including related legislation, convictions, cases in the news and new red flags or fraud schemes, we have developed this new complementary monthly email update service. This new update service supplements First Consulting's existing anti-fraud training and online fraud law compliance service."

First Consulting's Senior Consultant, Carol Stern, FLMI, AIRC, ACS, is an Operational Compliance, Enterprise Risk Management (ERM) and Corporate Governance expert for the ERM/ORSA consulting practice and will provide content for the Fraud News Update Service. "Carol has a chief compliance officer's experience for preventing, detecting and training on insurance fraud for insurers. With 30 years in the insurance industry, her depth of understanding of insurance fraud will add great value to this new service." says Fetyko.
