

FIRST CONSULTING
& Administration, Inc.

Senior Compliance Consultant

First Consulting has an outstanding career opportunity for the person who wants to join a team of compliance professionals in a leadership role.

Since 1969, First Consulting & Administration, Inc. has provided flexible solutions to compliance questions and compliance needs. Our mission is to assist the financial services industry to achieve and maintain compliance in a practical and cost effective manner.

This position provides the right candidate the opportunity to develop a practice area in an environment that embraces new ideas and progressive thinking. Along with a long tradition of quality in client service, First Consulting offers a friendly and team oriented work environment that encourages staff to develop their own career path. In addition, a full benefit package is available. Relocation is not required.

Responsibilities of this position include creating and managing new services, marketing new and existing services, product development, state variation drafting, resolving state objections, participation in industry meetings and working with existing and prospective clients to help solve their compliance issues.

Qualified applicants will possess the following:

- Minimum 10 years Health insurance product compliance experience.
- Knowledge of multiple Health insurance product lines.
- Insurance compliance experience in all jurisdictions.
- Excellent communication and good presence with current and prospective clients.
- Experience with speaking at industry events.
- Proven track record in monitoring performance to assure that standards are maintained for the practice area in a professional, timely and cost effective manner.

Please email resumes and/or questions to Joe Bieniek (Joe.Bieniek@FirstConsulting) or Sean Cox (Sean.Cox@FirstConsulting.com).
